

Dear Participant,

Please note that abstracts cannot be published in the book of proceedings if fee payment is not received by September 26, 2016. If you have already paid congress registration fee, please disregard this note.

General Guidelines for Posters

Please refer to this visualisation of the poster panels to be used during the conference. The discussion will take place in front of the poster in the session time. The poster main authors are expected to be present during the whole session. **We would recommend you print your poster size in 100 cm x 70 cm.** This area will be allocated for each poster. Please ensure that your poster does not exceed this size but it does not have to be this size. **It is recommended that you leave a margin of at least 3 cm around the poster.** When preparing your poster and considering how much of your display will be visible at eye-level, please bear in mind that panels will be mounted on stands. Posters design: Posters should include the title of the presentation, the author(s) names and affiliation.

Poster Session I - Wednesday, October 5th, 2016 at 17:15 – 19:00.

- Mounting time: Wednesday, October 5th, 2016 from 08:30
- Removal time: Wednesday, October 5th, 2016 until 19:00

Poster Session II - Thursday, October 6th, 2014 at 14:00 – 15:00.

- Mounting time: Thursday, October 6th from 8:30
- Removal time: Thursday, October 6th at 19:00

We look forward to welcoming you to Ankara for the 3rd International Congress on Biosensors in October 2016.

Sincerely,

On Behalf of Organizing Committee

Dr. Memed Duman
